

Caritas Wu Cheng-chung Secondary School  
2021/2022 Scholastic Year Parent Circular No. 6  
Students' Health Conditions

1<sup>st</sup> September, 2021

Dear Parents/Guardians,

We are greatly concerned about the health conditions of our students. If your child has ever had the following medical condition(s): cardiovascular diseases, abnormal blood pressure, tuberculosis, epilepsy, bronchial asthma, unhealed wounds, visceral diseases, acute infections (such as Tonsillitis etc) or having undergone surgeries etc, please write to us and specify the details of your child's medical history and what the school should pay attention to. This is to ensure that your child would enjoy proper care at school.

Physical Education (PE) is an integral part of the school curriculum which every student must participate in. However, if you are unsure about whether your child is suitable to participate in PE lessons and other sports activities, you should seek medical advice from a registered doctor with your child. If your child needs to be temporarily or perennially exempted from PE lessons and PE co-curricular activities, please indicate it in Part B of the following reply slip and return it together with a medical certificate from a registered doctor.

Students who have special educational needs can apply for special examination arrangements in school test, school examinations and public examinations if necessary. Please specify the details in Part C of the reply slip and submit it together with the relevant assessment report(s).

Please return the attached reply slip on or before 10th September so that we can keep it for reference and follow up your child's case. We would be grateful if we could be informed immediately when there are any changes in your child's health conditions in the future.

Yours faithfully,

Mr. Au Hoi Kin  
Principal
