Dear Parents/Guardians,

Re: 1st Term Standardized Tests

The 1st Term Standardized Tests will be held from 2nd November, 2021 to 5th November, 2021. The marks of these tests together with the 1st Term Examination result will be counted as part of the 1st Term scores.

Below are the details about the tests:

1. Enclosed please find the timetable for the tests. Please be reminded of the special arrangements for the test time.
2. During the test days, students may leave school and go home for their revision after the last test of the day.
3. Tests will be re-scheduled to later date in case of class suspension announced by the EDB. When school is resumed, all other tests will be held as scheduled.
4. Students should be punctual and attend the whole session of the tests.
5. If a student can present a proper medical certificate to show that his/her absence was caused by illness or if he/she can present evidence to prove that he/she was physically unable to attend the test, his/her performance in the 1st Term Examinations will be counted as the whole term mark. All the supporting documents and/or a parent's letter should be submitted to the School on the day the student is back to school.
6. For those absentees who cannot present any medical certificates or evidence for their absence, '0' marks will be given for that paper/subject.
7. Students' academic performance is very important when teachers consider whether to promote a student at the end of the school year. The minimum requirement for promotion is an average of 45 marks in the whole year for S1 to S3. For S4 to S5, the minimum requirement is 40 marks. S4 and S5 students whose average mark of any one of the elective subjects is below 30 need to drop that subject if they are promoted so that they can focus on other DSE subjects.
8. Besides, students' conduct is also considered in the promotion. Students with a fail in the conduct may need to repeat.
9. The attendance of students should be more than 80% to be considered for promotion. For special reasons, students should provide a proper medical certificate to apply for exemption.
10. If any S4 and S5 repeater has failed to fulfill the requirement for promotion, no place will be offered from our school again.
11. Regulations of examination are attached. Parents and students should fully understand and agree.
12. After the tests, an academic report will be issued and delivered to the parents on the Parents' Day (27th November, 2021) . Please reserve time to collect the report in person.

Thank you for your attention.

Yours faithfully,

Mr. AU Hoi Kin
Principal
